Mubea

U·MOBILITY

OUR MISSION

“As innovative lightweight specialist Mubea is shaping sustainability within the automotive industry. With the foundation of Mubea U-Mobility we think mobility beyond the automobile. We develop emission-free micromobility-vehicles which reach a new level of robustness, functionality and driver safety.

For sustainable, comfortable and efficient urban mobility and logistics.”

Dr.-Ing. Dr.-Ing. E. h. Thomas Muhr, CEO
